Message from the President!

Posted on March 3, 2009

Welcome to the Structural Engineers Association of Nebraska (SEAON). We are a non-profit organization with a membership of Structural Engineers and Professional Engineers who practice structural engineering in Nebraska. Our mission is to promote our profession and to serve our members needs with respect to continuing education and representation to our national organization (NCSEA), government agencies and the general public. We are active in licensing issues and local municipalities adoption of model building codes. See our Membership page for categories of membership and to download the membership application. - Jeff Stevens, President
